## BOARD CERTIFIED PROSTHODONTIST Dr. Lisa Kane

She has been in dentistry for more than 23 years. She received her dental degree from University of Detroit Mercy in 2001 and obtained her prosthodontic specialty training in 2012 at the University of Michigan.

Dr. Kane is a recognized leader in her field, having received numerous awards and appointments. She is on staff at Trinity Health, formerly St. Joseph Mercy Hospital, where she teaches the next generation of dentists; she's an adjunct clinical associate professor at the U-M dental school; and she maintains her private practice within Cranbrook Dental Care and at Greenland Advanced Oral Care in Grand Rapids, MI.

Prosthodontists receive three additional years of intensive training in the fundamentals of dentistry including implants, crowns, bridges, smile design/makeovers, dentures, partial dentures, occlusion (bite) issues, and temporomandibular disorders (TMJ). They often see some of the most challenging cases, where patients have missing and broken-down teeth, and have forgotten how to smile.

Dr. Kane works to restore what's been lost, and is very passionate about what she does, always striving for the best – and all with an artistic eye.

She was voted Top Prosthodontist by her peers in 2021, 2022, 2023 and 2024 by Hour Detroit and has published many articles in leading dental journals. She served as president of the Michigan Section of the American College of Prosthodontists from 2016-2022 and maintains multiple committee appointments within the Michigan Dental Association.
